Research Programs Brochure

1. Emerging Researchers Program

An entry-level program for students just beginning their research journey. It introduces basic methodology, the format of academic work, and academic writing.

- **2 hours** of one-on-one consultations with a mentor
- **4 intro classes and 4 workshops**
- Program length, **8-10 weeks**

\$350

Program fee

2. Extended Research Program

The next step for students who have mastered basic research skills. More individual work on their own project under a mentor's guidance.

- **10 hours** of one-on-one consultations
- **4 lectures and 4 seminars**
- For those who have mastered the basics or have intermediate-level English or above
- Program length, **12-14 weeks**

\$1,050

Program fee

3. Advanced Research Program

An expanded format with a greater volume of individual support for deeper work on the research project.

- **12 hours** of one-on-one consultations
- **4 advanced lectures and 4 seminars**
- Program length, **12-14 weeks**

\$1,250

Program fee

4. Frontiers Research Program

An advanced-level program for students ready to take on serious independent research with intensive mentorship.

- **20 hours** of one-on-one consultations with senior mentors
- **4 advanced lectures and 4 seminars**
- Program length, **12-14 weeks**

\$2,450

Program fee

5. Research Fellowship Program

The greatest amount of individual work in the Frontiers line. Suited to ambitious projects that call for close, hands-on support.

- **30 hours** of one-on-one consultations with senior mentors
- **4 advanced lectures and 4 seminars**
- **Internships** with partnering organizations
- Additional hours can be added at the student's request
- Program length, **14-18 weeks**

\$4,050

Program fee

6. Premier Research Program

PREMIUM

Our flagship six-month program with complete individual support. The most personalized format, with access to the professional academic community and deep work within the student's field of specialization.

- **40 hours** of research consultations with **PhD scholars** and senior mentors
- **5 lectures** designed individually around the student's field and specialization
- Connections to **experts, PhD scholars and professors** in the student's field
- **Internships** with partnering organizations
- **2-3 field trips** to sites related to the research direction
- Program length, **6 months**

\$8,500

Program fee
