# Global Admissions Support

**for Yan Zixuan**

One-on-one mentorship for applications to competitive universities in Asia.

## 1.0 The Program

Global Admissions Support helps students apply to competitive universities in Asia while strengthening their extracurricular and professional profiles. The program is completely individualized: the student works **1-on-1** with mentors who are current students or alumni of top global universities, across every deliverable below. The program covers applications to **8 top universities**.

### Deliverables and mentor hours

| ONE-ON-ONE CONSULTATIONS                                                        | MENTOR HOURS    |
|---------------------------------------------------------------------------------|-----------------|
| <b>Essay writing</b><br>Motivational statement and up to 10 supplemental essays | 15 hours        |
| <b>Extracurricular consultations</b>                                            | 5 hours         |
| <b>Recommendation letter support</b>                                            | 2 hours         |
| <b>University list building</b>                                                 | 2 hours         |
| <b>Scholarship support</b>                                                      | 6 hours         |
| <b>Minimum mentor hours</b>                                                     | <b>30 hours</b> |

### Merit-based additions

Based on program performance and overall application strength, select students may become eligible to receive:

- MIT application support
- Oxbridge (Oxford & Cambridge) support
- Additional consultation hours

**2.0 Your Mentor Team**

Every hour of the program is delivered by a mentor who is a current student or alumnus of a top global university. The following mentors are assigned to this application cycle.

MENTOR · ENGINEERING &amp; ASIA ADMISSIONS

**Umid Nazarov****University of Hong Kong · Engineering & Philosophy**

Umid is a student at HKU, studying in a dual-degree program between Engineering and Philosophy. He has 3+ years of experience across software engineering, including one year full-time at a Chinese AI laboratory.

MENTOR · AI &amp; COMPUTER SCIENCE

**Hasan Mavlonov****East China University of Science and Technology**

Hasan currently studies AI at East China University of Science and Technology. He has vast experience in AI and ML research, as well as in computer science as a whole.

MENTOR · EUROPEAN ADMISSIONS &amp; LAW

**Imron Kadyrov****LUISS Guido Carli · Italy**

Imron is a law student at LUISS Guido Carli in Italy. He has experience not only in civil and corporate law, but also in applications to European universities.
